JUNE 7	<i>Monday</i> , Alumni Luncheon.
JUNE 7	<i>Monday</i> , Class Night.
JUNE 8	<i>Tuesday</i> , 4:30 P. M., Commencement Exercises.

THE MAIN BUILDING

FIRST CLASS OF THE Y. C. I. JUNIOR COLLEGE

HISTORY OF THE York Collegiate Institute

ON April 14, 1873, Samuel Small (1799-1885), one of York's outstanding philanthropists, convened a meeting of a number of his fellow-townersmen and outlined to them a plan which he had formulated for the establishment of a new institution of learning in this community. His reasons for so doing, as well as the character of the school proposed, are best expressed in his own words:

"Deeply impressed with the importance for increasing popular facilities for intellectual and moral culture, and especially solicitous for the Christian education of youth, in this region where Providence has cast our lot,—we desire in this way to lay the foundation of an institution for the purpose of instructing young persons not only in the ordinary branches of literature and science, but also, and especially, in regard to the great business and end of life."

The minutes of this meeting state that "the name agreed upon was York Collegiate Institute"; and, later in the same year, a charter was granted to Mr. Small and his associates under this title. To this corporation he conveyed the tract of land now occupied by the Institute, with a fully-equipped building erected thereon, and provided the school with a liberal endowment.

During the night of December 7, 1885, shortly after the death of the Founder, the school building provided by his bounty was totally destroyed by fire. The present modern structure is a memorial to his memory, erected by his nephews, Messrs. George Small, W. Latimer Small and Samuel Small.

York Junior College OF THE York Collegiate Institute

ON May 1, 1941, the Board of Trustees of the York Collegiate Institute voted to add to the curriculum of the school the first year courses of a Junior College Program—the second year to follow in September, 1942.

This action of the Board followed the recommendation of a committee of three educators who had made a survey of the city and who had studied the available facilities of the school, with the conclusion that a junior college program would better meet the educational needs of the community.

Dr. E. D. Grizzell, School of Education, University of Pennsylvania; Mr. Byron S. Hollinshead, President of Scranton-Keystone Junior College; and Mr. David B. Pugh, Director of Extension Courses, Pennsylvania State College, constituted this committee.

The York Junior College was opened October 3, 1941, with an enrollment of 42 students in the Freshman class. A new chemistry laboratory was constructed, a new library installed, and renovations to the building were made during the past academic year. A gymnasium-auditorium is now under construction and new laboratories for both physics and biology will be made ready for use during the 1942-43 college year.

MINISTER OF FINE ARTS OF FRANCE	
J. FRANK FRYINGER	ORGAN, HARMONY, COUNTERPOINT, FUGUE, CANON
FELLOW OF THE INCORPORATED GUILD OF CHURCH MUSICIANS, LONDON, ENGLAND	
ELIZABETH SHUGART FRANTZ	VIOLIN, STRINGED INSTRUMENTS
PUPIL OF MISHEL PIASTRO	
CHARLES C. ROGERS	TRUMPET
GRADUATE, PEABODY CONSERVATORY	
MARGIE EMIG DEMPWOLF	DANCING, EURYTHMICS
IRVING COLLEGE—MARGIE WEBSTER FINISHING SCHOOL	

Two additional teachers will be engaged for the 1942-43 school year, one for Biology and the other for French and Spanish.

Admission

It is the policy of the York Junior College of the York Collegiate Institute to individualize its admission procedure to the fullest extent. Generally, the admission practices are set up to meet the needs of two distinct groups: those who intend to transfer to a senior college to pursue a course leading to a degree, and those who expect to terminate their education with two years at the Junior College.

Students who transfer from the York Junior College, either to a liberal arts college or to a professional school, must meet the entrance requirements of the institution to which they plan to transfer.

The general requirements for admission to colleges and universities are as follows:

English (4 years)	3 units
Algebra (frequently $1\frac{1}{2}$, and sometimes 2 units are required)	$1\frac{1}{2}$ or 2 units
Plane Geometry	1 unit
Foreign Language	2 units (Must be in the same language)
Laboratory Science	1 unit
History	1 unit
Electives	5 units

Graduates from accredited secondary schools will be admitted by the York Junior College when recommended by the supervising principal, principal, or headmaster of the school from which the applicant is graduated.

PROVISIONS FOR INDIVIDUAL ATTENTION

1. Each first year student is interviewed before college opens and given assistance in planning a program of studies.
2. Standard scholastic aptitude tests and placement tests are administered in order to obtain homogeneous grouping of students.
3. A standard reading test is given each student. This is followed by further diagnostic tests when necessary and use of the tachistoscope by students who require assistance in reading techniques.
4. Personality and study inventory tests are used.
5. A report, submitted by the school physician and determined by a physical examination of each student, is referred to the department of Physical Education, as an aid in the planning of exercises in the gymnasium.

6. A course in Orientation, with cooperation of all teachers who meet students in frequent interviews, is required of all freshmen.
7. Four reports on the progress of each student are sent to the homes each year. One of these reports is a statement report.

THE LIBRARY

The college library contains books which have accumulated from the time of the founding of the school in 1873. They range from valuable old volumes belonging originally to the Cassatt Library, to the modern books presented in 1941 by the York Collegiate Institute Foundation in memory of Dr. E. T. Jeffers, Headmaster of the York Collegiate Institute from 1893 to 1915. Through the years, the collection has been substantially augmented by gifts from interested friends and former students.

The library totals about 5,000 volumes, besides a collection of documents and pamphlets. It occupies a room of generous proportions and excellent lighting, equipped with Library Bureau furniture and unit wood shelving purchased in 1941.

It is the practice of the library to supply books needed for class work; to provide recreational reading; to supply magazines and newspapers which will serve to keep the students informed on the affairs of the day, and to add each year materials for future use. For further study, the Martin Memorial Library is conveniently located four blocks from the school.

Instruction in the use of the library is given to all students, to acquaint them with the use of the card catalogue, with the indexes, and the excellent collection of reference books. Students are given guidance at the reference desk to assist them to proceed in searching for material. The library endeavors to make as thorough provision for study as do the laboratories for scientific experiment.

ACTIVITIES

The York Junior College provides the usual college activities which seem essential. Students have the opportunity for playing golf, basketball, tennis, baseball, and volleyball. A fine, new gymnasium is now being constructed which will contain two basketball courts, two volleyball courts, badminton court, and sufficient room for the development of other athletic activities. Then, too, the college sponsors such activities as debating, dramatics, glee club, literary clubs and clubs related to the various college subject fields such as Science, French and English. Intra-mural games are stressed for the development of every student. These activities aid the student in developing initiative and leadership under the supervision of the faculty. Once each month the stu-

dents have the opportunity to attend an assembly program which is given either by the students themselves or by lecturers, musicians, and entertainers provided by the college through the student activity fee. Literary clubs are organized for opportunities in self-expression and creative thinking. The glee club gives those interested in vocal music a chance for choral participation.

STUDENT REGULATIONS

When a student signs the application or enrollment blank he binds himself to abide by the rules and regulations of the York Junior College of the York Collegiate Institute. The institution reserves the right to exclude at any time any student whose conduct or academic standing is unsatisfactory. No student will be permitted to take his examinations, given his credits, or considered honorably dismissed until all his financial obligations are met.

STUDENT COUNCIL

Students in the York Junior College are encouraged to govern themselves. A Student Council is elected by the student body each year. The function of this Council is to assist the faculty and administration to legislate and enforce the regulations of the college and to promote desirable student activities.

It is the policy of the college to create a democratic and cooperative relationship between students and teachers.

PHYSICAL EDUCATION DEPARTMENT

The physical education program is adapted to the needs and abilities of each student. Corrective and remedial work is given through the general physical education program. Each student is required to give two class hours each week to physical education unless excused by a doctor's certificate. In the Freshmen year every student is required to attend one hour of hygiene, each week, taught by the school physician.

During the year every student is required to participate in an intra-mural or varsity team sport and in one sport where there is individual competition. These sports are organized and chosen with the purpose of giving to the student experience in team play as well as experience in some individual sport which will have a carry over value after leaving college.

PROGRAM OF SPORT ACTIVITIES

Fall Term: Touch Football, Tennis and Badminton Tournaments, Golf Instruction, Riding.

Winter Term: Basketball, Volleyball, Badminton, Boxing, Gymnasium Work—Folk Dancing, Danish Gym, Apparatus, Weight Lifting, Bag Punching, Corrective Exercises.

Spring Term: Tennis, Golf, Quoit, Archery, Deck Tennis, Riding.

GRADUATION

Any student, upon the completion of two years of work at the York Junior College of the York Collegiate Institute, receives a Junior College diploma. Two years' work is normally the completion of 62 credit hours in addition to the two-year requirement in physical education. Students enrolled in the different curricula must complete the full program outlined under each field of study. Students who have completed satisfactorily the requirements for a diploma in two years may secure a certificate indicating work completed and class grades.

TRANSFER OF STUDENTS

The York Junior College is an associate member of the American Association of Junior Colleges. The students who have shown by their college record that they are capable of profiting by further college training will be recommended for transfer to senior colleges.

THE CURRICULA

In order to aid the student in his choice of subjects to be taken, this section presents the requirements and offerings of a few curricular fields.

ARTS AND SCIENCES

This curriculum is proposed for those who desire to finish a four-year course leading to a Bachelor of Arts or a Bachelor of Science degree. Its purpose is to give the student a broad cultural background necessary for specialization during the last two years of college. This curriculum is recommended for all students who desire a broad training or who have decided upon their major interest.

FRESHMAN YEAR

	FIRST SEMESTER	SECOND SEMESTER
<i>English Composition</i>	3	3
<i>Modern Foreign Language</i> (French, German or Spanish)	3	3
(1) <i>History</i>	3	3
<i>Mathematics</i> (General Mathematics, Plane Trigonometry, College Algebra, Analytics)	3	3
<i>Science</i> (Chemistry, Physics, Biology)	3	3
<i>Orientation</i>	1	1
<i>Physical Education and Hygiene</i>	1½	1½

(2) <i>Science</i> (Chemistry, Physics, Biology)	3	3
<i>Physical Education</i>	1	1
	<u>16</u>	<u>16</u>

- (1) ALL STUDENTS ARE REQUIRED TO PASS SIX HOURS OF SOCIAL STUDIES TO GRADUATE. ALL STUDENTS ARE REQUIRED TO PASS TWELVE HOURS OF ENGLISH TO GRADUATE.
(2) DEPENDS ON INSTITUTION TO WHICH STUDENT WISHES TO TRANSFER. IN GENERAL ONE YEAR OF MATHEMATICS AND ONE YEAR OF SCIENCE OR TWO YEARS OF EITHER ARE REQUIRED.

PRE-MEDICAL CURRICULUM

This curriculum is designed to prepare the student in the fundamentals of science and mathematics as prerequisites to later work in these specialized fields. The requirements of various medical and dental schools differ widely, hence a student should make his selection of a school he is planning to attend as soon as possible. Requirements to medical schools are usually high, and only those who have unusual ability should plan to enter medicine. The York Junior College provides the first two years of the required four-year premedical course.

THE CONSERVATORY OF MUSIC

The Conservatory of Music, which is a department of the York Junior College, offers instruction in all grades and branches of music. Special fee courses are arranged to suit the needs of the individual student.

Expert training for beginners and advanced students is available under experienced teachers in the following subjects:

Piano, Singing, Organ, Violin, Cornet, Saxophone, Trombone, and others. Harmony, History of Music, Appreciation of Music, and other theoretical subjects are taught in classes.

Full courses are offered for students taking preparatory courses leading to the Bachelor of Music degree. Acceptance for these courses is subject to certain entrance requirements.

Private and class lessons in all kinds of dancing, including ballroom dancing, are offered under expert instruction. Special courses, designed for beginners and children, have proven to be very attractive.

All courses of the Conservatory of Music are available to outside students.

ART

Fine Art—Introduction to principles of Art. This is a basic course and deals with the fundamentals upon which all works in art are based. Students in the course do actual work in painting and drawing from nature and the model. The historic approach to artistic problems will be given attention.

Commercial Art—The course in Advertising Design and Commercial Art covers a broad field including posters, magazine covers, page layouts, mailing pieces, trade marks, book jackets, package designs, label designs, borders, hand lettering, typography, and many other types of work. This is a specialized course aiming to equip the student to take a position as an Advertising Artist. Supplies will be furnished at cost.

Art students will visit museums, art centers, engraving and printing companies, and advertising agencies during the school year.

PRE-NURSING

Recent trends in nursing education indicate the movement toward requiring a training higher and more technical than that now provided in the Nurses' Training Schools. It is suggested that this interval of training can well be spent in an institution of college grade. With the cooperation of local nursing educators, the pre-nursing curriculum is offered. The superior facilities of the laboratories existing at York Junior College for the teaching of sciences may be used in providing the instruction in theoretical and technical divisions of nursing education.

	FIRST SEMESTER	SECOND SEMESTER
<i>English</i>	3	3

EXPENSES

Tuition	\$250.00
Music Course	310.00

EXTRA FEES

Student Activity Fee	10.00
Science Laboratory Fee	10.00
Breakage Fee (Chemistry)	3.00
Diploma	10.00
Piano	
Voice	
Art	
Instrumental Music	

] (one lesson per week) 70.00
] (two lessons per week) 130.00

Part time students will be charged \$10.00 per semester hour.

Divinity students, children of clergymen, and holders of Coleman Scholarships pay half tuition.

As a convenience, the tuition is made payable in two equal installments, one in September at the opening of school, the other on February first following.

Students supply their own books and stationery. These may be obtained at the school book store.

Students are received at any time during the year, but no allowance is made for absence before November first. When a student voluntarily leaves school before the end of the term, or is suspended or expelled, no refund will be made.

SCHOLARSHIPS

THE COLEMAN SCHOLARSHIP FUND—This trust fund, established by Mr. Samuel Small, the founder, provides scholarships for young men desiring to prepare themselves for the Gospel ministry in accordance with the following provisions of the Trust Agreement:

"The annual interest and increase thereof shall be appropriated by the Board of Trustees to the education and support of young men, while students in said Institute, who may desire to prepare themselves for the Gospel ministry. Provided, That no part of the interest or income of said Fund shall be paid or expended for the education or support of any student unless he shall have been recommended by the Presbytery of Westminster, (or that Presbytery to which the First Presbyterian Church of the Borough of York, commonly called 'The English Presbyterian Congregation of York, Pa.,' shall belong) which Presbytery shall be in regular connection with the 'General Assembly of the Presbyterian Church in the United States of America,' and also recommended by the President of the Faculty of said Institute, and approved by the Board of Trustees. Provided, also, That no more than one hundred and fifty dollars shall be paid from the Fund, for a single student in any one year. And, provided further, that, in admitting students to the benefits of said Scholarship Fund, under the foregoing provisions, the Board of Trustees shall always give preference to those who shall have been permanent residents of said County of York previously to becoming students in the Institute; but any student who shall have begun to receive the benefit of said Fund may continue to enjoy the same until his connection with the Institute, as a student, shall cease, unless he forfeits his claim by unworthy conduct."
